

[illegible]

A 6x6 grid with 'X' marks at the following coordinates (row, column): (0,0), (0,2), (0,4), (0,6), (1,1), (1,3), (1,5), (2,1), (2,3), (2,5), (3,1), (3,3), (3,5), (4,0), (4,2), (4,4), (4,6), (5,1), (5,3), (5,5). Five circles are overlaid: a blue circle centered at (0.5, 0.5) with radius 1.5, a yellow circle centered at (2.5, 2.5) with radius 1.5, a grey circle centered at (4.5, 4.5) with radius 1.5, a green circle centered at (3.5, 3.5) with radius 1.5, and a red circle centered at (5.5, 5.5) with radius 1.5. The circles overlap in a complex pattern, with some overlapping pairs being disjoint from others.
